

TRANSITION TO ADULT LIVING IN PENNSYLVANIA:

Transition Health Care Checklist

The Pennsylvania Department of Health, along with other commonwealth agencies and community partners, recognizes the gaps in health and other services for transitioning youth and those with special health care needs.

When youth with special health care needs move towards adulthood, they face changes dealing with health care providers, insurance and other services. The ***Transition to Adult Living in Pennsylvania: Transition Health Care Checklist*** was created to help guide youth,

families and professionals in planning during this time of transition.

This publication is available in English and Spanish and can be downloaded from the Department of Health's website:

English: www.health.state.pa.us/transitionchecklist , and
Spanish: <http://www.health.state.pa.us/transitionchecklist-spanish>
